Greetings,

Two down and one to go!! It is crazy how fast the year seems to be flying by. We have had some amazing things happen this year at BHS and I'm grateful to our school board, district leadership, students, and parents that have worked so hard to keep us in school face to face this year. With that goal in mind to finish strong, I wanted to send a couple of updates.

Mask Requirement

I know we are certainly all tired of wearing them, but masks have helped us stay in school all year. While the current situation allows for the option of no mask wearing, we still strongly encourage kids to mask while at school so they can avoid being placed in quarantine for close contact. Additionally, the school board approved the plan last night to reinstitute a mandatory policy if our numbers continue to climb. Let us all do what we can do to stop the spread, lower our numbers, and stay in school with face to face instruction. The best way we can stay in school is to wear a mask appropriately and daily while at school.

Graduation

We have been working on graduation plans for a few months now and trying to forecast what the situation may be in June. With the uncertainty in mind, we have been working with MotorVu Drive-in to host graduation again this year. We feel like this is the best way to ensure that everyone can attend the graduation ceremony and allow for a "safe" gathering. Unfortunately, we were not able to retain our original graduation date with the drive in and the board approved a change of date for BHS. We will hold graduation on **Thursday, May 27th**. I hope this change does not create undue burden on families and will afford us the chance to allow more people in at graduation.

Sincerely,

Levi C. Owen
